

Spelling activity! (ages 5-10)

It is important to encourage spelling with children! Here is a fun way you can practice spelling with your child while spending time together!

1. Using the pictures below, draw a secret code for your child
2. Then give your child the sheet below and allow them to spell out your message!

You can allow your child to create their message for you!

This activity allows your child practice necessary spelling, writing, and reading skills!
