

# WORD RACE!

- How many words can you & your child come up with in a minute? Let's find out!

## DIRECTIONS:

1. Cut the accompanying sheet in half. The parent will take one half and the child will take the other. The parent and child will each need a pen or pencil.
2. Set a timer for 90 seconds.
3. Once the timer begins, the parent and child each will write down as many words as possible on their sheets. (There are examples of words on each sheet to get you started.)
4. Whoever comes up with the most words at the end of 90 seconds wins!

\*This activity is best suited for use with children aged 8-11
