Florida's Supervised Visitation Program

The Database will be used to record and generate information for reporting on:

- **Programs**, including locations served, case-types served, funding sources, staffing and security resources.
- **Cases** served, including the number and types of referrals received, the family structures, the reason cases were closed, and allegations associated with cases.
- **Clients** served, including the number of adults, children, and families referred and served, demographic information, and the geographic distribution of the clients served.

**AFFILIATES**

- Clearinghouse on Supervised Visitation
- FSU Institute for Family Violence Studies
- C-3405 University Center
- Tallahassee, FL 32306-2570

**INTRODUCING**

A Valuable New Tool
