

Law Enforcement Families Partnership

APRIL IS SEXUAL ASSAULT AWARENESS MONTH! OCTOBER IS DOMESTIC VIOLENCE AWARENESS MONTH!

This is a great opportunity to remind your employees about the importance of violence-free families. Assign responsibility to a supervisor or administrator to coordinate the events the agency will be participating in. Here are some suggestions:

- Team up with your local domestic violence center or rape crisis center to help plan and participate in any activities they are hosting during this month.
- Hold a special “Domestic Violence Refresher” training for all officers.
- Ask officers to complete Modules 1, 2, and 3 of this training series if they have not already done so.
- Log into FCADV’s and FCASV’s Calendar of Events webpage to see what is going on in your area, and participate.
- Create a Calendar of Events for your agency so all employees know how they can get involved.
- Hang posters to remind officers about Sexual Assault Awareness Month and Domestic Violence Awareness Month and the importance of maintaining healthy families. These can be found in the Administrative Leadership section of this training module.

Log into Florida Coalition Against Domestic Violence at www.fcadv.org to find the local domestic violence center in your area and a calendar of events in your area.

Log into Florida Council Against Sexual Violence at www.fcasv.org to find the local rape crisis center in you area and a calendar of events in your area.
